

## **MSSNY RESIDENT & FELLOW SECTION**

The RFS is proud to announce that they successfully passed five of their six resolutions at the AMA RFS meeting in Chicago. This includes policy to expand smoke-free housing, protect the rights of patients on television, and explore re-starting resources specifically for partners and children of delegates.

Additionally, outgoing RFS executive board member Marc Mendelsohn was selected to serve on the AMA CEJA committee.

Finally, the RFS looks forward to another advocacy year of challenges and successes. The next challenge is working on programs to strengthen the pathway from RFS to YPS so that there will be minimal membership drop off.

Robert Viviano, DO

MSSNY RFS Councilor.
