New York State's Requirement for E-Prescribing of All Substances

Educational Objectives:

- Describe the e-prescribing mandate, to whom it applies, when it becomes effective, and how physicians can comply with its requirements.
- Describe the practitioner electronic prescribing of controlled substances registration process, to whom it pertains, and the information required to be provided by physicians in order to register eRX software with the Bureau of Narcotics Enforcement.
- Describe the exceptions to the e-prescribing mandate and any additional requirements associated with those exceptions.
- Describe the application process and criteria for a waiver from the e-prescribing mandate.
- Describe what rules pertain to physicians who only prescribe non-controlled substances.
