**Subject:** Dr. Salvatore Volpe to Receive National PCMH Practice Award

All,  
I am pleased to share with you the following news announcing the recipients of our 2016 Advanced Primary Care Leadership Awards. Each year, we honor three distinguished primary care champions from across the country that have dedicated their careers to promoting advanced primary care and the patient-centered medical home.

You are receiving this announcement because of your connection to Dr. Salvatore Volpe who will receive our prestigious Patient-Centered Medical Home Practice Award for his outstanding dedication to promoting a coordinated health care system that achieves improved quality and access at lower costs. Dr. Volpe's unparalleled commitment to improving care is evident in how he created a patient-focused environment within his medical practice, as well as his relentless work as a physician champion in promoting the use of electronic health records and health information technology for quality improvement.

I hope you will consider joining us on November 9 in Washington DC for this memorable celebration where we will honor Dr. Volpe! For details, please visit our Barbara Starfield Awards Dinner webpage. Individual tickets are \$200 each, and sponsorships are available for organizations that wish to honor Dr. Volpe in a larger way.

Best Regards,

**Amanda Holt, MPH**
