Medical Student Section Report

The MSSNY Medical Student Section met in September for our fall meeting where we welcome new first years into the Medical Society and elected members to serve in various positions:

Breyen Coffin, from Albert Einstein College of Medicine, was elected to serve as the next student Councilor (2018-2019 term).

Shireen Saxena (University of Rochester), Petereson Maina (Albert Einstein), and Rishi Thaker (Touro Middletown) were elected as the student Delegates to the MSSNY HOD. Randall Porter (University of Rochester), Stephanie Allen (Albert Einstein), and Brain Lim (Albert Einstein) were elected as MSSNY Alternate Delegates.

Lastly, we are excited to have a student, Moudi Hubeishy, from the State of New York enter the race for the student seat on the AMA Board of Trustees. Moudi has had a rapid rise in the AMA and has an impressive record of service at the University of Buffalo. We look forward to your help and support during his campaign.
