MATTERS OF NOTE
ONONDAGA COUNTY MEDICAL SOCIETY (OCMS)

Once again the booth will be shared by the Medical Society of the State of New York and the New York State Society of Anesthesiologists.

The fair runs from **Wednesday, August 22 - Monday, September 3, 2018 (Labor Day)**. This is a 13-day event, and we have less than 16 total hours that have not been filled yet. The physician participation this year has been phenomenal.

Physician member volunteers have been outstanding this year. It is a great chance to interact with the public on a more informal basis and to promote any health-related issue that is important to fairgoers.

Health-related handouts will be available, along with the opportunity to Q&A with the physician directly. There will be a lot of freebies for fairgoers too, which will ensure them visiting the booth.

Here are some of the physician volunteer specialties this year at the booth: Anesthesiology, dermatology, ophthalmology, family practice, psychiatry, pathology, orthopedics, internal medicine, and plastic surgery. Medical Students will once again participate at the booth.

OCMS is proud to be providing the onsite support for this important public medical outreach effort.

Dr. Brian Johnson, President of OCMS, is being interviewed by TV 9 News at the fair. During the interview he plans to promote the activities at the MSSNY booth as well as increase awareness about the Medical Society in general. We are very happy to have this opportunity for positive media coverage.

Dr. Brian Johnson is having a party to welcome Upstate Medical Students back to school. The event will take place at his home on Sunday, August 26.

Respectfully submitted,

Howard Huang, MD, Jefferson County, 5th District Councilor
