On Long Island and across America, opioid and other drug overdoses are killing people -- our neighbors, friends and loved ones -- in unprecedented numbers. Come and find out what needs to be done, and what is being done, by:

**GOVERNOR CUOMO & STATE AGENCIES
COUNTY LEADERS
HOSPITALS & MEDICAL LEADERS
INSURANCE COMPANIES
RELIGIOUS CONGREGATIONS**

LI-CAN leaders have been asking Governor Cuomo and his administration to prevent overdose deaths by removing the barriers to evidence-based opioid addiction treatment. After six months of pushing, it's time to evaluate. ON OCTOBER 28 WE WILL ISSUE PROGRESS & PERFORMANCE REPORTS FOR THE GOVERNOR AND OTHER KEY LEADERS.
