

MSSNY Medical Student Section Update: January 24, 2019

MSSNY Medical Student Section attended the AMA Interim 2018 meeting. MSSNY MSS members from Albert Einstein, Buffalo, Mount Sinai, NYITCOM, Rochester, Touro - Harlem, and Touro - Middletown were in attendance. MSSNY MSS met on Thursday and Friday during the AMA Interim 2018 meeting. On Thursday, MSSNY MSS discussed their current recruitment efforts. The issue of how to get new students to sign up and register to be members now that membership is free was discussed. In addition, the governing council gave a introductory orientation to the AMA, how it operates, and how MSSNY MSS works within it. MSSNY MSS discussed the idea of starting combination lecture/social events. These events would be targeted toward multiple medical schools in an area (eg. the event would be hosted at a medical school in Manhattan and any medical student in the area would be welcome to attend). On Friday, MSSNY MSS discussed support and opposition for resolutions being discussed on the AMA MSS house floor. MSSNY MSS has not met since the AMA Interim 2018 meeting.

Best wishes,
Breyen
