Report to MSSNY Council for May 30, 2019

Robert Hesson, MD, Councilor

Broome County Medical Society

The Broome County Board a letter has sent to the administration of United Health Services regarding an institutional membership for the physicians.

Health Information Fair held in March at local mall. Each year we get new organizations joining us and planning for the following year is always a question from them.

213th Broome County Medical Society Annual Meeting will be held Wednesday, June 12th at The Riverdale Banquet Hall. Speakers on How Social Determinants Effect our Health.

Chemung County Medical Society

A March 27th meeting is scheduled with a speaker from Excellus on "Telemedicine Today and Tomorrow" with continued efforts to reengage the physicians with the Medical Society. A letter has been sent to all attendees urging their support.

Planning a summer networking get together to continue our presents in the County.

Otsego County Medical Society

Plans for the 213th Otsego County Medical Society Annual Meeting to be held June 20th at The Otesaga with Dr. Kent Bottles speaking on "Digital and Personalized Medicine vs. Population Health: Are They in Conflict".

Tompkins County Medical Society

Tompkins County continues 2019 with a member meeting being held each month on various subjects concerning healthcare and other helpful information for our physicians. The Board is looking into a collaboration with the Cayuga Health Partners (dba CAP) to increase membership and assistance with sponsorship for meetings.

Planning for the Tompkins County Annual Meeting being held at the Ithaca Country Club on June 14th.

Sixth District Medical Society

Working to get Chemung County physicians reengaged with their Medical Society through volunteers for leadership and participation with both the County and State Societies. Through our meetings in Chemung we continue to get participation with Guthrie physicians in hopes of getting their membership. MSSNY is in the final stages of a proposal to be made to the Guthrie Healthcare leadership for physicians practicing and/or living in New York State.
