Commissioner's Medical Grand Rounds

Strengthening Community and Health Care Provider Resiliency to Adverse Childhood Experiences

Thursday, October 17, 2019 • 12 - 2 pm
UHS Binghamton General Hospital
Russell Community Room
10-42 Mitchell Avenue
Binghamton, NY 13903

Adverse Childhood Experiences (ACEs) are potentially traumatic events in childhood that can have negative, lasting effects on health and well-being that can be passed on to future generations. These experiences range from physical, emotional or sexual abuse to those concerning household instability, such as parental divorce, incarceration, substance abuse or mental illness, among others. Panelists will discuss a guide for implementing best practices when addressing ACEs; tools to incorporate screening for ACEs, resilience and social determinants of health into primary care practice; approaches for assisting families; causes of staff burnout; and strategies for building a more resilient workforce.

The Grand Rounds Program is free of charge for all providers in NYS. Advance registration is requested.

Please click [HERE](#) to register to attend in-person or via the live webinar.

Registration ID is not required. Select "Not registered yet? Click here to register."

A recording of this session will be available for viewing on the NYSDOH website.
