Medical Matters 2021

Sponsored by the Medical Society of the State of New York
The Importance of Herd Immunity

2020 Update with a COVID-19 Twist

Live Webinar

Wednesday September 23, 2020 @ 7:30am

Faculty: William Valenti, MD

Educational Objectives:

- ◆ Review the epidemiology vaccine-preventable infectious diseases and the role of herd immunity
- ◆ Describe how herd immunity protects vulnerable populations such as newborns, the elderly and those who are too sick to be vaccinated
- ◆ Discuss the percentage(s) of a population who need to be vaccinated for herd immunity to be effective
- ◆ Examine the role of herd immunity in relation to the COVID-19 pandemic
