American Medical Association Foundation

Dear Nominators,

If you are receiving this email, you submitted a nomination for the 2020 AMA Foundation Excellence in Medicine Awards. Due to the AMA's November meeting being held virtually, we now hope to present the awards in-person at the AMA Annual Meeting in Chicago, June 2021.

In the meantime, the review process is underway. We anticipate notifications being sent (to both recipients and their nominators) by November 1 at the latest. Nominators will be informed either way, whether or not your nominee was selected to receive an award.

Please feel free to contact me with any additional questions, and be well!
