Report to MSSNY Council for January 14, 2021

Robert Hesson, MD, Councilor

Broome County Medical Society

Virtual annual meeting proceeded with the change of officers.

Tompkins County Medical Society

Sixth District Medical Society

The officers for the Sixth District Medical Society are working on a meeting to get together all the leaders of the individual Counties and to collaborate with the Fifth District Medical Society Counties to see where processes can be combined between the executive offices to help with the financial burdens on the Counties.

Like most of the rest of MSSNY the counties in the 6th District and the District itself are in grave financial straits. As a result, the officers of the 6th District have begun to explore the issues involved (including the Bylaws implications at all levels) with aggregating all county administrative activity into the District or perhaps even into a single entity of the 5th and 6th District Caucus. During our preliminary work we have recognized all of the same issues that required a reediting of the MSSNY Bylaws. As a result, we would recommend that other Counties and Districts perform a systematic review and amendment of their Bylaws.
