

National Government Services Virtual Conference Medicare Preventive Services 9/14/2021–9/16/2021

The National Government Services Provider Outreach and Education (POE) Team is hosting a special virtual conference with focus on Medicare Part B Preventive Services.

Each session will begin with a presentation, then we will address your questions. There are no associated charges for this virtual conference and you may register for as many sessions as you'd like.

As an added bonus, we will wrap up our three-day conference with the Jurisdiction K/Jurisdiction 6 (JK/J6) Part B Ask-the-Contractor Teleconference (ACT) with focus on Medicare Preventive Services. During this ACT call, you will have the opportunity to ask any outstanding questions you have about the topic and get answers from our POE Team Consultants. All JK/J6 Part B providers are welcome.

We hope you will join us to learn about the Medicare Preventive Services available for your Medicare beneficiaries.

To register, select the link(s) below or visit our Events page to view and register for sessions.

Please note: All times listed are eastern time.

Since a Medicare Administrative Contractor is presenting this information, each session will also be eligible to receive one Medicare University Credit (MUC) and one continuing education unit (CEU) with the American Academy of Professional Coders (AAPC) per hour of education, if you are a certified professional coder. Please remember, if you will be reporting CEUs to the AAPC, you will need to keep your email registration confirmation as proof of session for any future AAPC audit. If you do not have a registration confirmation in your name, you will not be able to report CEUs with the AAPC. *Please note: MUCs/CEUs are not available for the Ask-the-Contractor Teleconference.*
