

## Physician Practices

Effectively managing physician office operating expenses can make the difference between just getting by and thriving financially. Operating expenses include variable cost items such as medical supplies, pharmaceutical supplies (including vaccines), office supplies and purchased services, to name a few. The better managed the physician office operating expenses, the more profitable the practice.

[Premier's Continuum of Care program](#) is the nation's largest alternate site healthcare GPO. Our comprehensive contracts and services have empowered physician practices by:

- Reducing clinical and non-clinical costs
- Facilitating contract optimization
- Improving administrative functions

### What makes us different

Premier offers measurable savings and unprecedented opportunity for your physician practice to control and reduce supply-procurement cost and related operating expenses.

**Size matters:** Premier has the largest physician-focused GPO program – leveraging its volume to bring your physician practice the best contract price

**Purchasing flexibility:** Providing choice for each physician practice to select products and services critical to specific needs

**Savings:** Demonstrated an aggregated savings of 15% for most physician practices

**Service:** We're there when you need us – local and national support from Premier and its suppliers is only a click or phone call away

### Portfolio features

Premier's Continuum of Care program offers a comprehensive portfolio of market-leading suppliers that will improve your practice's financial performance and operational efficiency. This program was designed specifically for alternate site healthcare providers who are seeking trusted and creative ways to maximize cost-efficiencies while delivering quality patient care.
