- Integrates seamlessly with EPIC
- Integrates with medical devices
- Match your clinic's brand

## What Every Provider Must Have In Their Practice Now

Participate in MSSNY's Virtual Hospital and Referral Network!

CareClix provides your clinic with access to all the capabilities and benefits of virtual health. You can set your schedule, collect co-payments, and conduct telephone, message, and real-time video consults.

Our solutions give you the ability to offer telemedicine to your existing patients only or to expand your reach by attracting new patients.
