Leadership experience biography

Rose Berkun, MD, FASA

Physician leadership has always been my passion. My first leadership position was a District Director for New York State Society of Anesthesiologists (NYSSA). In 2017 I was honored to serve as President of New York State Society of Anesthesiologist.

In 2004 I founded and directed a Post-Graduate Medical Education Program for SUNY Buffalo Department of Anesthesiology titled "Comprehensive Regional Anesthesia Workshop with Utilization of Live Models and Cadavers". This CME activity continues presently. I am also Chair of Special Events Council for Resident, Fellow & CME Education for Department of Anesthesiology SUNY at Buffalo, Jacobs School of Medicine and Biomedical Sciences

I had the honor of serving as President of Medical Alumni Association for SUNY at Buffalo, Jacobs School of Medicine and Biomedical Sciences in 2017-18 and received a "Distinguished Volunteer of the Year" award in 2017 at SUNY at Buffalo, Jacobs School of Medicine and Biomedical Sciences <http://medicine.buffalo.edu/alumni/events/nominate-a-distinguished-medical-alumnus/pastrecipients/rose-berkun.html>

In 2016 I founded UB DoctHERS, a network for female physicians, scientists, faculty, residents and students to address current issues in the medical and scientific fields and to foster advancement, mentorship and equal opportunities for future generations of women in medicine and science. The network provides year-round opportunities for support and development through various events. Annual Symposiums feature experts in the fields of medicine, science, sociology and psychology.

SUNY at Buffalo, Jacobs School of Medicine and Biomedical Sciences

 Drugs and Therapeutics (4th yr.): AIDS 1986-91
 AIDS-associated Cancers (3rd yr. elective) 1988-90
 UR student outreach program: HIV treatment update 1992-2001
 LGBT Care is Primary Care – Primary Care Week 2017-present

New York State Hospital Association

Faculty member, statewide training team for mandatory provider
 Infection Control education 1994

Medical Society of the State of New York

Faculty member, statewide training team for implementation of
 OSHA Bloodborne Pathogens Standard 1991

Research Activities at University of Rochester:

Co-investigator: The Establishment of AIDS Treatment/Evaluation Units (ATEU). National Institute of
 Allergy/Infectious Diseases, National Institutes of Health, 1987.

Co-investigator: AIDS Education and Training Project (AETC): Training for Health Care Providers to
 Address Acquired Immune Deficiency Syndrome (AIDS). National Institute of
 Mental Health. 1987-1988.

Research Community Health Network:

ACTG A5068: A randomized phase I/II pilot study of intermittent withdrawal of antiretroviral therapy
 as an immunization strategy and double-blinded immunization with Alvac-HIV VCP 1452 in subjects
 with persistent CD4 cell counts >400 and plasma HIV 1 RNA levels <50. Role: Co-investigator.

A multicenter double-blinded placebo-controlled trial of HIV-1 immunogen (Remune®) in HIV-
 infected patients. Local principal investigator.

Rifabutin Therapy for the Prevention of Mycobacterium Avium Complex (MAC) Bacteremia in
 AIDS. Patients with CD4 counts ≤200: A Double-Blind, Placebo Controlled Trial.

Randomized, Comparative Study of Itraconazole and Fluconazole for Treatment of AIDS- Related Cryptococcal Meningitis.

Phase II Randomized Study to Evaluate the Safety and Efficacy of Combination Therapy with AZT and Intron A vs. AZT Alone in Patients with Asymptomatic/ Mildly Symptomatic HIV Infection.

Recombinant DNA GM-CSF (rGM-CSF) in Compassionate Circumstances.

An Open Label to Evaluate the Safety and Efficacy of Clarithromycin in the Treatment of Disseminated MAC Infection in AIDS Patients (M91-577)

An Open-Label to Evaluate the Safety and Efficacy of Clarithromycin in the Treatment of Disseminated MAC Infection in AIDS Patients (M91-577A)

Open-Label "Compassionate" Use Study of Spiramycin for the Treatment of Diarrhea Due to Chronic Cryptosporidiosis in Immunocompromised Patients

A phase II multicenter trial of the safety/ efficacy of rgp 120 vaccine compared with placebo in HIV-1 seropositive subjects with CD4 counts >600.

2006: A phase III multicenter study comparing the safety and efficacy of the co-formulation of Truvada (emtricitabine and tenofovir disoproxil fumarate) and Sustiva® (efavirenz) to the components administered separately. Role: Co-investigator

2006: An open label trial evaluating the efficacy of tenofovir disoproxil fumarate in patients coinfected with human immunodeficiency virus type 1 and hepatitis B virus. Role: Co-investigator

2008-present: Principal investigator – POEM -Prospective Observational Epidemiologic Study of Maraviroc's Safety. ClinicalTrials.gov Identifier: NCT00665561

2018 - present: Real World Community-Based HIV Rapid Start Antiretroviral Therapy vs. Conventional Start HIV Antiretroviral Therapy. Principal Investigator CO-US-380-4644

Other Research Activities (Roche Pharma)

Member, Independent Safety Review Board, Study 15961: A multinational, partially-blinded trial of pegylated Interferon/ Ribavirin in Hepatitis C-HIV Co-infected Patients (APRICOT).

2000-03

Member, Independent Safety Review Board, Study 18209: Pegasys and Ribavirin for AIDS: Dose Study in Genotype 1 Management (PARADIGM)

2006-09

Consultations to Universities, Health/ Science Agencies:

Centers for Disease Control (CDC); Atlanta, GA:

Reviewer New Guidelines Activity

1981-83
