Society Highlights

- Social Media – Last year, we started a Social Media campaign called “Physician’s Highlight,” which features our members, a brief bio, and their specialties. The campaign aims to highlight the talent and diversity of the doctors in Queens County and increase awareness for the Medical Society and the work it is doing. This work encompasses the interests of doctors and educates the public on current health issues and legislative relevant rules that influence the quality and costs of their healthcare. For additional information, don’t hesitate to get in touch with Erik Blutinger, MD, at QMS@QueensMedicalSociety.org
